

Mark's Mobile Surgery

Its that time of year again when Mark will be visiting the villages which make up his rural constituency to hold his mobile surgery.

Mark usually holds his surgeries in Milton Keynes but for August he will be coming to a village hall near you.

Mark said; 'My constituents aren't always able to come and see me for a surgery appointment, so by touring the rural villages, this gives everyone the opportunity to drop by and meet me to discuss their problems and concerns. This is the best part of the year for me and I really get a buzz from travelling around.'

If you would like to attend one of Mark's surgeries please see the dates and times below.
