

Mark opens new Post Office

Mark recently attended the opening of the new Milton Keynes Post Office, which has undergone a major refurbishment at a new location.

To celebrate the launch of the new open-plan Crown Office, Mark joined Branch Manager Deborah Penwarne.

Moving the branch has enabled the Post Office to offer services from a modern and improved environment with up to date technology for our customers. It is now located between the Theatre district and the Food Hall.

Mark Lancaster said: "I'm delighted to have officially opened the new-look Crown Post Office in Milton Keynes which I am sure will be enjoyed and well used by local residents. With the office now open for longer, residents will have access to the services for even longer which is a great improvement.

Now based in the theatre district I am sure that people will enjoy the new benefits this modern branch brings to Milton Keynes once they are used to the new location."
