

Mark fighting for Baby Clinic

City MP Mark Lancaster is fighting to protect the Baby Clinic currently available in Wolverton.

Mark, who has been contacted by a number of concerned residents, has written both to the Secretary of State for Health and to the Community Health Service, asking them to reconsider the decision to close the well valued clinic.

The Community Health Service responded quickly and have offered to keep the service open until the end of November while users of the service are consulted about its future.

Mark said, 'I am pleased that this valuable and well used service is remaining open a little longer while users are consulted as to the best way forward. It is clear that the current facilities on offer in Wolverton aren't large enough and I am pleased the Community Health Service are looking to provide the best service they possibly can.'
