

Mark visits local business Screenetics

City MP Mark Lancaster visited local business Screenetics to congratulate them on their success.

Screenetics is a leading supplier in Health and Wellbeing Services to the corporate sector, private organisations and the general public and specialise in giving medical tests with on the spot results.

The company, formed in Milton Keynes has just been awarded a contract with Unilever to provide all their staff with health screening. Screenetics are looking to take on over 50 new staff, to be based in MK, during the next six months in order to meet demand.

Mark said; 'Screenetics is a fantastic example of a local business succeeding. With a high quality service, Screenetics has attracted the business of global companies and is a great audit to Milton Keynes.'
