

## City MP Welcomes Defence Discount Service

Earlier this month Mark Lancaster MP met with Defence Discount Service, the only official MOD discount service which represent the Armed Forces and Veterans across the UK. Defence Discount Service provides discounts online through its closed group website as well as on the high street through its recognition card, the Defence Privilege Card.

Their latest initiative is to bring more businesses on to the Discount scheme, with already big names such as Burton, Vodafone and Vue cinemas, the Defence Discount Service want to include more local high street brands.

Mark said "This is the great opportunity for local businesses to be seen as supporting our Army and Veterans. I would encourage MK to support this by accepting the Defence Privilege Card in store. It is very simple for businesses to sign up to show their support and has no costs for doing so."
