

Two Government Ministers visit MK

Â

Mark Lancaster MP has been proud to welcome not just one but two Government Ministers to Milton Keynes this week.

Baroness Susan Kramer, the Minister of State for Transport, officially launched an all-electric bus route in Milton Keynes and Nick Boles, Parliamentary Under Secretary of State for Planning, came to discuss the neighbourhood plans for Wolverton town centre.

Â

Â

Mark commented, "This is yet another example of Milton Keynes being recognised as a pioneering and forward thinking city. Strong partnerships created between councils, local and international business and local residents have been clearly applauded by the Minister's visits today".
