

## Free Courses for MK Primary Schools

The Tesco store in Kingston are committed to educating our children about where food comes from and understand the importance of healthy eating.

I had a great time making savoury pancakes with the youngsters during the summer and hearing that the team at Tesco want to reach as many schools as possible, I am more than happy to endorse this exciting and totally FREE initiative and want all MK Primary schools to get involved.

Tesco welcome groups of up to 30 primary school children during the 2-3 hour course and may even help with transport to get to the store!
