

MP's Christmas Card Competition with a MK Twist!

The MP's Christmas card design competition was once again hotly contested by youngsters across Milton Keynes.

The Year 5 & 6 boys and girls were asked to create a card that represented MK but with a concrete cow twist. Many colourful and creative designs were submitted and the phrase, "Mooney Christmas", tended to be a firm favourite!

I was so pleased to present the winning designer, Vincent Chiata from Stanton School with his certificate and printed card at the MK Gallery Project Space.

The gallery have kindly offered to exhibit all the festive entries in the Project Space located in Margaret Powell Square opposite the main gallery. The exhibition will run until Sunday, 4th January.

The Prime Minister and the Queen will receive a card from me with Vincent's creative MK design and without a doubt it will be the only one they receive with Santa's sleigh being pulled by concrete cows!
