

Coach commute to London for Mark

Mark used the City's coach way for the first time this week when he took his usual commuter journey to London on a National Express coach.

The National Express Coach way has been open for just over a year now and has seen over a million customers through its doors. Mark helped to celebrate the coach way reaching the year mark in December and decided that it was about time to use the coach way when commuting to Westminster on a Monday morning.

Mark said; 'I was really excited to be using this fantastic facility which we are lucky to have. I usually take the train or drive to Westminster, so to take the bus was a new experience for me. I have to say that it is an experience I look forward to repeating. I have thoroughly enjoyed the trip down to London which was quick and comfortable. I look forward to using it more in the future.'
