

Top of the Shops!

MK has been voted as the top destination for retail therapy and with Christmas looming there's no better place to shop.

A report compiled by location experts CACI places MK at the top of 100 UK retail locations, ranking above the likes of Birmingham, Nottingham and Norwich.

MK already has more than 2,000 wholesale and retail units employing 30,000 people and with the diversity of major retailers to small independent shops it's reported that more than 43 million shoppers visit centre:mk and intu each year. It's definitely the place to be, its official!
