

Wolverton Works

There will be a public exhibition on 20th July 2016 to present revisions to the Â£100m Wolverton Works regeneration plans.

Here's an opportunity for the community to have their say. Proposals include new business premises to support current and future rail-related jobs, up to 375 new homes, a foodstore, public open spaces and a heritage centre. For more information visit <http://www.wolvertonworks.com/>
