

Mark is topping of the day at Domino's

Milton Keynes North MP, Mark Lancaster, yesterday visited Domino's at their new headquarters in West Ashland, as the company welcomes a new CEO and growth of 10% over the past year.

Domino's is part of the Milton Keynes economic success story, as for the past few years and despite the recession, it is proud to show 10% growth for the past seven years.

Mark met Domino's new CEO Lance Batchelor to congratulate Domino's for all of their success over the past few years.

After their meeting and as a parting gift, Mark was given a pizza with a difference; it has his initials on it.

Mark said; 'It was great to see the new site up and running and to meet the new CEO Lance Batchelor. Domino's is really bucking the economic trend by showing a 10% growth for the past seven years. This is really great news for Domino's and for Milton Keynes, as it means more jobs for local people and it helps to make up Milton Keynes thriving economy.'

Domino's CEO Lance Batchelor said: "I was delighted to be able to show Mark our new head office and commissary. We are very proud of our pizza and our people and our recent move across Milton Keynes has been a great way to show support for the town. Our new facility will provide the capacity we need for our ambitious growth plans and we hope our success is echoed by our neighbours, the MK Dons, and by Milton Keynes' bid for City status.
