

GP Service is Resumed

Willen Surgery is expected to officially open its doors on Monday, 15th August. A move that will alleviate the immense strain the neighbouring surgeries have been under and I am delighted that after a long campaign we have finally achieved the outcome we all hoped for, the reopening of the surgery.

Alongside GP and practice nursing services there will be a physiotherapy service and patients will have the opportunity to utilise all of the NPMC services that are currently available.

In order to provide a smooth transition, Newport Pagnell Medical Centre are asking patients to register in one of two ways:

Register at NPMC in Newport Pagnell from now, as long as they are able to attend that surgery until NPMC@Willen opens on the 15th August. Or attend their registration day on Saturday, 13th August from 08.00 until noon where you will be able to register in person.

When registering you will need to provide 1 item from each section.
