

Makeshift Office In A Bus Shelter!

You never know who you might meet in a bus shelter!

My summer mobile surgeries are always three days well spent and this year was no exception. The first two stops just happened to be hostelrys! The Chester Arms in Chicheley and the Old Swan in Astwood.

Having stopped in 21 locations in my rural constituency gave me the opportunity to listen to a variety of concerns and hopefully offer some sound advice where it was needed.
