

True Heroes Racing

I had the absolute pleasure of meeting the True Heroes Racing Team last month and being an avid motorcyclist myself, this was truly a great day at the office!

Set up in 2012, the motorcycle team was the brain child of serving Royal Navy Warrant Officer Phil Spencer, who has been on several tours of duty in Afghanistan.

As Minister for Defence Veterans, Reserves and Personnel, I travelled to the Royal Naval Air Station in Yeovilton, to see for myself how our injured service personnel are able to restore a sense of direction and focus through the world of motorsport.

Take a look at their incredible and inspirational achievements
