

Mark embarks on mobile surgery tour

Your MP is coming to visit you.

Mark Lancaster is taking a four-day tour of more than 21 locations to learn about the concerns and problems in Milton Keynes North.

From Monday July 25 until Thursday July 28, Mr Lancaster will park up in the towns and villages in a vehicle, which doubles up as a meeting room.

Starting in Filgrave and finishing in Lavendon, Mr Lancaster is determined to hear the worries faced by those living in the rural communities surrounding Milton Keynes.

He said: "People often think they have to go and see their MP, but I want to do away with this myth by ensuring that all within the constituency, no matter where they may be, have access to their Parliamentary representative.

"Last year I discussed and helped with various issues, ranging from speeding, nuclear energy and roadworks. Again this year, I am happy to discuss individual cases and broader policies with constituents. The set-up is informal, just look out for the car and drop by."
